MR. JOHN L BLAIR TALKS.

His Views on Mr. Sharp and His Experience with Jersey Legislatures. When Mr. John I. Blair of New Jersey appeared before the Pacific Bailroad Commiss yesterday that body was represented by its chief inquisitor. Mr. E. Ellery Anderson. Chairman Pattison was busy at the office of the Philadelphia Bank, of which he is President, and Mr. Littler was also engaged on some

private business. They came in later. The first questions asked were in regard to Mr. Blair's manner of keeping books.

"I keep memoranda of the business I transact when I am away from home," the witness said, "and when I get back I put down my notes in my books. My plan was to give a check for everything I bought and to take a re-ceipt for it. The book in which I kept the memoranda relating to this railroad business was put in a safe in my store. It may be there now. When the Government committee ap-pointed to examine into the accounts of the Bioux City road came to me they did not, I think, ask me to give up this book, and I don't believe I did."

Sioux City road came to me they did not. I think, ask me to give up this book, and I don't believe I did."

The railroad had a great deal of trouble, he said, with the Legislatures of lows and Nebraska, and with the Railroad Commissionera. "When the company built and paid for the road," he continued, "they thought they owned it, but they found that they were mistaken."

If. Blair denied all knowledge of the use of money for the purpose of influencing legislation, but admitted that the railroad company had agents at the Legislatures to do what they could for the companies interest. He builties road, and transacted the business with the States and the Government without the aid of a lawyer. "There are some high-minded and honest legislators," he remarked, "but there are also some who are venal."

"How do you know that?" he was asked.

"Mostly by my experience in New Jersey, my own State," he answered, at the same time volunteering this bit of information:

"Poor Sharp, in spite of all the newspapers say, is more to be pitled than blamed. He was only the people's agent in getting what they wanted from the Aldermen. He knew, as you do, that one can't get anything in this city without paying for it."

The stockholders of the Sloux City Railroad also owned stock in the Sloux City and Pacific Land and Town Lot Company. The stock in each of the companies was paid for in cash, and no stock was exchanged. One of the suits of Lambert against the railroad the witness characterized as a blackmailing scheme. David Dudley Field was Lambert's counsel, and received a \$200,000 judgment. Field got a fee of \$10,000.

The witness developed the usual defective.

\$10,000.

The witness developed the usual defective memory. The Commission will soon wind up its work. One witness remains to be examined, and he is now out of town. The Commissioners are waiting his return.

THE CASE OF JACOB SHARP. Judge Buger, who Granted the Stay, Will Hear Arguments To-day.

The argument on the temporary stay granted to Jacob Sharp by Judge Ruger of the Court of Appeals will be heard in Albany this afternoon. District Attorney Martine and Delancey Nicoll will leave town on an early morn-ing train to look after the interests of the people. Mr. Sharp will be represented by Albert Stickney and W. Bourke Cockran. The argu-Stickney and W. Bourke Cockran. The argument will probably continue to-morrow, although it may be wound up late to-night. It will be heard only by Judge Ruger, and the time consumed will depend entirely upon him. If he elects to hear all the points presented before the General Term, the argument will certainly take up the greater part of to-morrow. Mr. Martine thinks that the case will be disposed of in a few hours and that only a general review of the case will be necessary. His confidence in the people's case is as strong as ever, and he believes that Mr. Sharp's journey to Sing Sing cannot be delayed much longer. The defence have filed a notice for a hearing on the main question and fixed the date on Oct. 19.

MOONEY, THE DYNAMITER, IS A LUNATIC. He is Committed to the Poughkoopele State

Thomas J. Mooney, the dynamiter who placed an explosive on board the steamship Queen, was adjudged insane by a jury in the General Sessions Court yesterday. Judge Gil-dersleeve presided. The alleged dynamiter sat by the side of his counsel, Lawyers Delehanty and Oliver. When he wasn't glaring at the Court he conversed with them.

Dr. Allen McLane Hamilton swore that he

had examined Mooney, and was convinced that had examined Mooney, and was convinced that he was suffering from chronic mania and melancholia. Among his delusions is one that leads him to believe that he is continually being pursued by detectives who want to kill him. When questioned about his motives for trying to burn the Queen, his actions, the witness said, were those of an insane man.

Dr. Matthew D. Field corroborated this testimony, and it was also sustained by Superintendent Alexander E. Macdonald of the City Lunatic Asylum. The jury gave their verdict without leaving their seats. Mooney was committed to the Foughkeepsie Lunatic Asylum.

Bridge President Howell and other trustees had a consultation yesterday with General Manager Hain of the clevated roads in New York and Engineer W. Adams and James Crawford in relation to Consulting Engineer Emery's plan for increasing the terminal facilities on the New York side of the structure. He told them that it was very desirable that no further exter shem that it was very desirable that no further extension of trains should be made in a westerly direction across Park row or Centre street. It had been pointed out that the capacity of the present system could be increased by extending the platform in an easierly direction. He then asked them as experts to report practicable systems. Of cures accomplished by Hood's Sarsaparilla can never be completely written. Thousands with hearts over flowing with gratitude have written to us telling of the wonderful things Hood's Sarsaparilla has accomplished for them: The peculiar curative powers of Hood's Sar saparilla are successful when everything else has failed If your blood is impure, your digestion out of order, your kidneys and liver inactive, your body tired and full of sches and pains, try this peculiar medicine. It will do

you good.

"For twenty years I have been troubled with dyspepsia and liver complaint. My bowels have been constipated, so that I had to take pills continually. I tried many different medicines to no effect. Last spring I was recommended to try Hood's Sarsaparilla, and one bottle cured me. My bowels are now regular, I have no liver difficulty, and the dyspepsia has entirely disappeared. I can eat anything without distressing me. Hood's Sarsaparilla was a godsend to me."—J. B. HORNBECK, So. Fallsburg, Sullivan Co., N. Y.

Catarrhal Dangers.

To be freed from the dangers of suffocation while lying town; to breathe freely, sleep soundly and undisturbed; to rise refreshed, head clear, brain active, and free from pain or sche; to knew that no polsonous, putrid matter deflies the breath and rots away the delicate machinery of smell, taste, and hearing; to feel that the system does not through its veins and arteries suck up the poison that is sure to undermine and destroy, is indeed a bless ing beyond all other human enjoyments. To purchase immunity from such a fate should be the object of all affleted. But those who have tried many remeiles and

When a man has been snatched, as it were, from the very jaws of death, and given a new lease of healthy life by means of a simple remedy, it is natural for him to be enthusiastic in his praise of the means which delivered him from deadly peril. Mr. B. B. Byrd, who is the Post-master at Lady Lake, Sumter county, Fla., as well as a leading merchant of that place, under date of May 4, 1887, writes:

GENTLEMEN: Allow me to congratulate and return thanks for the wonderful success your S. S. S. has proved in my case. You remember about a year acception my case. You remember about a year acception of the second my case. I was treated by three exitiful physicians, but with no relief. I suffered a great deal of uneasiness, besides a great deal of pain. I must asy that the contents of one dozen bottles of S. S. S. has almost removed a cancer from my face, which no doubs would have soon buried me to my grave.

I shall always keep a good supply in my store and urge the sale of the same. I do think it is wonderful and has no equal. I am, yours truly.
